

TAMPER EVIDENT SECURITY LABEL (TE LABEL)

Special Features

1. TE labels provides you with a **physical evident of tampering** by revealing a hidden message if the label is peeled. Its self-voiding feature provides an excellent **deterrent to theft** while sealing your asset. Any attempt of entry will be made known instantaneously by the revealed hidden message. It provides users with a simple and clear visual **template for inspection** that can save your business from costly concealed losses.
2. TE labels are **heat and freeze resistant**. Any attempt to remove it using a heating source or freon gas will be futile as the hidden message still triggers when peeled.
3. TE labels are **sequentially numbered** every piece to prevent duplication and copying.
4. **Customized** company name or logo can be printed to further enhance security. **Bar coding** can also be provided as an option for data recording.
5. TE labels are made of high quality adhesive which are suitable for almost all application surfaces either **indoor or outdoor**.
