

Tamper Evident Security Tapes

Securepac has developed a self-wound tamper evident carton sealing tape called TE tapes to cater to the special needs of those responsible for the transportation of valuable goods.

TE Tapes are made from the highest quality polyester material and adhesives that can withstand heat and cold attacks .

TE Tapes provides the user with a physical evidence of tampering by revealing it's hidden message if the tape is peeled. Furthermore, the surface of the tape is silicon coated to prevent resealing of the package by applying a new layer of tape over it if the original TE tape is cut.

There are 2 types of design for our TE tapes :

- Series 3 – A solid color film with a standard tape size of 48mmW x 50mL.
- Series 6 - Customized film with preprinted name or logo with a standard size of 48mm W x 50mL.

Series 3

Series 6

Standard colors are red, blue, orange, green, purple, and white. TE tapes can be customized with your company logo and name or a custom language or hidden message.

TE tapes will provide an excellent deterrent to theft while sealing your carton as any attempt of entry will be known Instantaneously by the revealed hidden message.

TE tapes can be used in any hand held dispenser or be made In long rolls suitable for automatic application.

TE tapes will act as a silent sentry on duty to protect your cargo while it is most vulnerable during transit. It will provide all the needed protection to secure your assets and upon delivery of your goods, it provides recipients with a simple visual template for inspection that can save your business from costly concealed losses and subsequent insurance claim hassles.

Our TE tapes is the best investment for your business as it will accord you with a peace of mind knowing that your assets are well protected wherever they may be.

If your goods needs protection, Securepac's TE tapes is the right choice for you!
